BULK PROGRAM GROUP ORDER INFORMATION & APPLICATION

Group orders are a *special program* offered by Blazer Brand LLC to Homeowners Associations, Municipalities, Businesses and other eligible organizations. Group orders enable a collective buying process and simplify purchasing for budgeted organizations.

SAVE OVER 30% PER UNIT WITH GROUP ORDERS!

**MAKE A PROVEN EFFECTIVE LID LOCK ACCESSIBLE TO
MEMBERS OF YOUR COMMUNITY!**

How Group Orders Work:

Blazer Brand creates a [group order webpage](#). Members of your group navigate to the webpage and purchase their discounted Strong Strap by the agreed upon deadline.

Once the order window closes, Blazer Brand will pack and ship all ordered items to a single location such as an HoA office or municipality building.

From there, your organization is responsible for making the items available for pickup, delivering them to members, or installing them for members.

How to Start a Group Order:

1. Complete *Page 2* of this application in its entirety and email a copy to contact@blazerbrand.com.
2. Once approved, we will create a group order page for your organization. See an example of a group order page [here](#).

Benefits of a Group Order

- Access pricing typically reserved for bulk orders
- Allow individual group members to decide what works best for them, no unanimous "buy-in" required
- Transfer the burden of payment from your organization to the individuals who will benefit most from this solution
